Turn your paper junk into *fine-art prints*, make your own JUNK - O - TYPES

more junk

YOU CAN MAKE A JUNK - O - TYPE OUT OF ANY SCRAP PAPER THAT IS NEEDLESSLY RESTING IN YOUR POCKET.

Elevate your paper pocket junk to *fine-art* status by creating your very own *limited edition print*.

Excess paper junk can accumulate on your person for months, resulting in a bulging wallet, or a purse that looks like the inside of an exploded public library.

Max Lupo and Jenn Guerin can help alleviate all of your paper related ills with their community outreach performance, *"Make Your Own Junk - O-Types with Max and Jenn"*. Through this performance, the spectator is transformed into an artist, by emptying their pockets of junk paper.

With the power of printmaking, YOU will transform your unnecessary collection of receipts, parking tickets, and to-do lists, into a unique *fine-art print*.
